# The Course

Bass Lake was founded in 1926. A major renovation of the course was completed in 2001. The course is cut out of the deep northwoods with oak and pine trees lining the well manicured fairways. The front nine is tight while the back nine is hilly with water coming into play on at least seven of the eighteen holes.

The course is nestled in the woods revealing many beautiful views and abundant wildlife. The roughs, fairways, tees and greens are always well maintained by Superintendent Dave VanAuken and his staff. Bass Lake Golf Course is easily one of the best kept secrets in the northwoods.

*We suggest the following tees for your enjoyment and speed of play:*

HANDICAP	TEES
0-10	Black
11-19	Blue
19 & Higher	White
